

Edoardo Delio Frisenda

I am an Aerospace Engineering student at Politecnico di Milano, with a strong interest in technology and innovation within the aerospace sector. My goal is to continue growing both academically and professionally, with the aim of contributing to the development of innovative solutions in the aeronautical industry. I am always seeking new challenges and opportunities to apply and expand my knowledge.

Education and Qualifications

High School Diploma 2010 - 2023

Istituto Zaccaria, Milan, Italy

From primary school through the completion of secondary school

Aerospace Engineering Sep 2018 - Present

Politecnico di Milano, Milan, Italy

I am currently studying Aerospace Engineering at Politecnico di Milano, gaining a solid foundation in engineering principles, with a focus on the fundamentals of flight, space exploration, and technology.

Work experience

Student Member Sep 2021 - Jun 2022

BCG - Boston Consulting Group, Milan, Italy

I conducted extensive market research to analyze companies like Airbus, focusing on market dynamics, competition, objectives, and expansion opportunities, particularly in the area of sustainability.

Student Member Jun 2022 - Jul 2022

SGB Humangest Holding, Milan, Italy

During this time, I focused on research and development of personnel, aiming to identify and enhance skills, foster professional growth, and optimize team potential.
